

**ORDINANCE 155**

**AN ORDINANCE AMENDING ORD. #82 CONCERNING THE REQUIREMENT FOR BACKFILLING TRENCHES & EXCAVATION ON PUBLIC PROPERTY**

Section I. – This ordinance cancels Section 3-B & 3-C of Ordinance #82.

Section II. – Backfilling.

- A. Any trench or excavation on public property shall be backfilled with the material removed from such trench or excavation, unless judged unsuitable by the City Maintenance Superintendent, to a point on (1) foot from the original surface.
- B. The final foot of fill shall be filled gravel.
- C. All material used for fill shall be mechanically compacted in one (1) foot layers as it is placed in the trench or excavation.
- D. If the material removed is judged unsuitable for replacement by the City Maintenance Superintendent, it shall be hauled to a site selected by such superintendent and the trench or excavation shall be backfilled and compacted with material that has been accepted by the Superintendent.
